K. G. R. IYER, Dy. Secy.

## MINISTRY OF TRANSPORT & COMMUNICATIONS

(Department of Transport)

(Transport Wing)

### RESOLUTION

New Delhi, the 8th May 1959

No. 6B-PG(70)/58.—The Government of India have received the Administration Report of the Port of Cochin for the year 1957-58. The salient features of the Report are given below:—

#### FINANCE

The working of the port during the year resulted in a deficit of Rs. 2.26 lakhs as against a surplus of Rs. 10.51 lakhs during the previous year. A contribution of Rs. 20 lakhs was made to the Capital Account from the year's revenue (as against Rs. 15 lakhs during 1956-57) after making a contribution of Rs. 1 lakh to the "Revenue Reserve Fund" and the usual contribution of Rs. 3.97 lakhs towards the "Accident Fund" and the "Renewals and Replacement Fund". The deficit was caused by the non-receipt from the Southern Railway of its share of the net earnings on account of the working of the Cochin Harbour Railway because excess payments had been made to the Port in the previous years due to wrong allocation of gross receipts by the Railway.

The gross revenue receipt of the Port Fund for the year amounted to Rs. 97.24 lakhs as compared with Rs. 96.22 lakhs for the year 1956-57.

#### WORKING EXPENSES

The percentage of the working expenses (excluding debt charges and special expenditure) to receipts for the year under the General Account increased to 61 from 54 in the previous year mainly because of increase in the cost of establishment and maintenance charges.

#### DEBT

The aggregate of Debt charges during the year, viz. 15.60 lakhs was slightly higher than that of the previous year. The outstanding debt of the Port at the close of the financial year

was Rs. 360.80 lakhs out of which a sum of Rs. 287.78 lakhs was due to the Government of India and the balance of Rs. 73.02 lakhs to the Government of Kerala.

#### TRADE

The total trade of the port during the year was 17,99,871 tons which is the highest so far recorded, showing an increase of 4.22 per cent over the trade of the previous year. The value of the total trade of the port during the year under review amounted to Rs. 12,594.93 lakhs.

The traffic dealt with at the wharves during the year represented 73.71 per cent. of the entire traffic as against 70.86 per cent. in the previous year.

Compared with the previous year, the tonnage of cargo carried by Sailing Vessels showed a decline of 5,812 tons.

The more important among the commodities imported were foodgrains, Mineral oils and coal and the exports comprised mainly mineral sand and ores, Coir Products, Tea, Coconuts and Cashew Kernels.

#### CAPITAL WORKS

The work on the construction of four additional wharf berths in the Ernakulam Channel with ancillary facilities which has been going on since April, 1955, registered an overall progress during the year to the extent of 71 per cent.

70 per cent. of the work in connection with the laying of pipes from the Block Oil Jetty to the Main Wharf and to the Oil Installations was completed during the period ending March, 1958.

The overall progress of work on the construction of the second Coal Berth at the North End of Willingdon Island was 12½ per cent upto the end of March 1958.

#### AMENITIES TO STAFF

Scholarships granted to children of Port employees were continued as usual during the year.

#### RESERVE FUNDS

The position with regard to the balances in the various Accounts at the end of the year under review was satisfactory.

ORDERED that a copy of this Resolution be communicated to all concerned and also be published in the Gazette of India.

NAKUL SEN, Jt. Secy.
